

**Every company listed here manufactures products that are not tested on animals.**

Companies listed have either signed PETA's statement of assurance or provided a statement verifying that they do not conduct or commission any nonrequired animal tests.

✓ A company that manufactures strictly vegan products —made without animal-derived ingredients, such as honey, beeswax, milk and egg byproducts, lanolin, or slaughterhouse byproducts

■ A cruelty-free subsidiary of a parent company that does not comply with the PETA statement of assurance

Every dollar you spend can be a vote against cruelty to animals.

For a complete listing of companies and charities that do not use animal tests, plus money-saving coupons for cruelty-free products, check out **PETA's Shopping Guide for Caring Consumers**. Available for purchase through [PETACatalog.org](http://PETACatalog.org) or toll-free at 1-800-483-4366.

All PETA product lists are periodically updated. Companies listed have either signed a PETA statement of assurance or provided a statement verifying that they do not conduct or commission any nonrequired animal tests. Companies not listed may be cruelty-free, but because they have not completed a statement of assurance, they are not included. This list is based on the most current information at the time of printing.

Printed on recycled paper.

PETA materials are not copyrighted and may be reproduced freely.
